PARADOR DE
ALARCÓN

Parador de Alarcón Surroundings

Ready?

The waters of the Júcar River are ideal for fishing. The river slows as it passes Alarcón, flowing through many delightful spots, and encircling and protecting the town's former fortress. Santa Maria Church is a must-see and features one of the best preserved Renaissance altarpieces. Castañeda Palace, the Alarcón Mural Painting Center for Contemporary Art, Don Juan Manuel Square and Santo Domingo de Silos Church are other sights you will want to visit.

Hiking through the Alarcón Gorge will take you to many beautiful locations. There are two wonderful options: a long-distance footpath following the route of the Júcar River, and a short-distance footpath that skirts Alarcón, offering lovely views.

180 km from Madrid and 170 km from Valencia, this is an ideal spot to spend a weekend and get away from it all. All you have to do is get out of the city and relax, Alarcón and our Parador will take care of the rest.

Services and facilities

The Parador Kitchen

The menu at the Parador de Alarcón is based on the cuisine of Cuenca and the selection is sensational. Our house specialties include lomo de orza (marinated pork loin), ajo mortero (garlic puréed potatoes), morteruelo (game pâté) and cheese ice cream, for which we select the best ingredients. Delicious fish such as trout from the Júcar River and La Mancha-style ratatouille will also not disappoint. Arab cuisine also left its mark in this area, with very special desserts that are truly difficult to resist for those with a sweet tooth.

We present our new gastronomic spaces

Pampered Senses

Especia restaurants are Paradores' classic restaurants where we offer a traditional menu made up of starters, meat courses, fish courses and desserts.

The perfect homage

Tamizia restaurants are multifunctional spaces that follow current trends in gastronomy.

Gastronomic mouthfuls

The Marmitia restaurants offer an innovative menu with a wide variety of dishes so that diners can choose their own combination of starter, main and dessert.

Monumental and historic hotels

There are places that become travel destinations through which their history can be discovered: castles, palaces, and old monasteries that receive you today with all the comforts that only Paradores know how to offer, but without losing the essence that made them part of our history.

Hotels to enjoy the coast or nature

Close your eyes and imagine a place far away from the hustle and bustle of daily life. In a landscape surrounded by evergreen mountains, a terrace with sea views, a viewing point from which to observe the flight of the birds over a lake. It is something you have within reach but still haven't discovered, because this trip is closer than you think. That getaway to nature is at Paradores.

Urban hotels at the heart of the city

The luxury and the service of Paradores in an urban setting is what you're looking for. Civia arose to offer a hotel where you don't feel like you're just passing through. The Civia collection is made up of Paradores located in the city or nearby where you'll find everything you need, whatever the reason for your visit.
