PARADOR DE  
ANTEQUERA

Parador de Antequera Surroundings

Ready?

Antequera is located at the main crossroads of Andalusia, making it an ideal setting-off point for exploring the region. If you have come to relax, we can recommend one of the poolside recliners, a drink on the terrace, and the aroma of plants and flowers from the pleasant gardens. The location is also perfect for social events or business meetings. We offer four fully-equipped function rooms of different sizes. You can rest assured that the lovely atmosphere will make any experience a magnificent one.

The hotel is so pleasant and comfortable that you find it difficult to leave, to tear yourself away from the soft light of its rooms and the colorful fresh and elegant minimalist décor. Even so, a stroll through Antequera is well worth the effort. Highlights include the city's gifts of the Bronze Age, including the Cueva de Menga, Viera and Romeral dolmens. Other sites that await you include Santa María Basilica and the Alcazaba de Antequera, a castle from the Roman period that watches over the town from above.

Just a few kilometers from Antequera, a wonderful place awaits your amazed eyes: El Torcal Nature Reserve, a unique geological formation where narrow winding paths skirt spectacular capricious forms sculpted in the limestone over hundreds of millions of years. This is also a wonderful spot for exploring the universe, as there is a modern astronomy observatory offering visitor activities year round. When you return to the Parador in the evening, you can also enjoy star gazing at the hotel.

## We present our new gastronomic spaces

### **Pampered Senses**

Especia restaurants are Paradores' classic restaurants where we offer a traditional menu made up of starters, meat courses, fish courses and desserts.

### **The perfect homage**

Tamizia restaurants are multifunctional spaces that follow current trends in gastronomy.

### **Gastronomic mouthfuls**

The Marmitia restaurants offer an innovative menu with a wide variety of dishes so that diners can choose their own combination of starter, main and dessert.

**Monumental and historic hotels**

There are places that become travel destinations through which their history can be discovered: castles, palaces, and old monasteries that receive you today with all the comforts that only Paradores know how to offer, but without losing the essence that made them part of our history.

**Hotels to enjoy the coast or nature**

Close your eyes and imagine a place far away from the hustle and bustle of daily life. In a landscape surrounded by evergreen mountains, a terrace with sea views, a viewing point from which to observe the flight of the birds over a lake. It is something you have within reach but still haven't discovered, because this trip is closer than you think. That getaway to nature is at Paradores.

**Urban hotels at the heart of the city**

The luxury and the service of Paradores in an urban setting is what you're looking for. Civia arose to offer a hotel where you don't feel like you're just passing through. The Civia collection is made up of Paradores located in the city or nearby where you'll find everything you need, whatever the reason for your visit.
