Parador de Cádiz Surroundings

Ready?

Cádiz Cathedral is another example of the colonial greatness of this city. It is visible from the sea, and it is impossible to resist the invitation to visit its golden tile covered cupola. The atmosphere in Cádiz will charm you. You will love its neighborhoods, including Pópulo, the oldest; Santa María, with its beautiful baroque houses; squares such as San Juan de Dios, where visitors absolutely must try the "pescaito" frito (fried fish); and Zorrilla Street, whose bars and tapas will make you fall in love with the city.

This same joy is found during Carnival, the city's festival par excellence. All of Cádiz dresses up and the streets are filled with groups of revelers and wild abandon. Falla Theater, home to the Cádiz Carnival Group Competition, is a hub for the traditional pranks, where you will laugh like never before and discover that Cádiz and its people are unique.

Come to the Parador de Cádiz, the ideal choice to contemplate the light and magic that await you in this city. We know that the experience will be unique.

We present our new gastronomic spaces

Pampered Senses

Especia restaurants are Paradores' classic restaurants where we offer a traditional menu made up of starters, meat courses, fish courses and desserts.

The perfect homage

Tamizia restaurants are multifunctional spaces that follow current trends in gastronomy.

Gastronomic mouthfuls

The Marmitia restaurants offer an innovative menu with a wide variety of dishes so that diners can choose their own combination of starter, main and dessert.

Monumental and historic hotels

There are places that become travel destinations through which their history can be discovered: castles, palaces, and old monasteries that receive you today with all the comforts that only Paradores know how to offer, but without losing the essence that made them part of our history.

Hotels to enjoy the coast or nature

Close your eyes and imagine a place far away from the hustle and bustle of daily life. In a landscape surrounded by evergreen mountains, a terrace with sea views, a viewing point from which to observe the flight of the birds over a lake. It is something you have within reach but still haven't discovered, because this trip is closer than you think. That getaway to nature is at Paradores.

Urban hotels at the heart of the city

The luxury and the service of Paradores in an urban setting is what you're looking for. Civia arose to offer a hotel where you don't feel like you're just passing through. The Civia collection is made up of Paradores located in the city or nearby where you'll find everything you need, whatever the reason for your visit.
