Ready?

Although the Parador is in a quiet spot, it is very close to Cervera, a town in the heart of the Montaña Palentina region which has preserved its traditional, rural character, inviting you to stroll through the streets. Cervera is a strategic location for exploring the mountains of the Cantabrian Range, a virgin natural area that offers perfect trails. Options include Roblón de Estalaya, where you will see "El Abuelo," an incredibly long-lived oak tree; La Tejada de Tosande, with its ancient yew trees 5 or 6 meters tall; and the beautiful Senda del Bosque Fósil, on which you will pass the fossilized stumps and trunks of trees from a forest that existed 300 million years ago. Another fantastic option, especially if you have children, is a visit to El Robledal del Oso Adventure Park, a unique and fun way to explore a natural environment through sports and play trails.

You may also be interested in discovering the Romanesque art and architecture of the region. You can plan a route to visit the most interesting sights: Sta. M^a la Real Monastery in Aguilar de Campoo, San Juan de Moarves Church in Ojeda and Olleros cave church in Pisuerga are just a few options. There are so many fine examples of the Romanesque style in the area that you are sure to lack for time.

Lovers of hunting and fishing can enjoy the big game reserve and the many hunting and fishing preserves in the area. How would you like to experience nature in all its splendor? The Parador de Cervera de Pisuerga is a paradise you won't want to miss.

We present our new gastronomic spaces

Pampered Senses

Especia restaurants are Paradores' classic restaurants where we offer a traditional menu made up of starters, meat courses, fish courses and desserts.

The perfect homage

Tamizia restaurants are multifunctional spaces that follow current trends in gastronomy.

Gastronomic mouthfuls

The Marmitia restaurants offer an innovative menu with a wide variety of dishes so that diners can choose their own combination of starter, main and dessert.

Monumental and historic hotels

There are places that become travel destinations through which their history can be discovered: castles, palaces, and old monasteries that receive you today with all the comforts that only Paradores know how to offer, but without losing the essence that made them part of our history.

Hotels to enjoy the coast or nature

Close your eyes and imagine a place far away from the hustle and bustle of daily life. In a landscape surrounded by evergreen mountains, a terrace with sea views, a viewing point from which to observe the flight of the birds over a lake. It is something you have within reach but still haven't discovered, because this trip is closer than you think. That getaway to nature is at Paradores.

Urban hotels at the heart of the city

The luxury and the service of Paradores in an urban setting is what you're looking for. Civia arose to offer a hotel where you don't feel like you're just passing through. The Civia collection is made up of Paradores located in the city or nearby where you'll find everything you need, whatever the reason for your visit.
