CRUZ DE TEJEDA

Parador de Cruz de Tejada Surroundings

Ready?

The town of Tejeda is just 9 kilometers away and is a must-see if you want to explore the island's archaeological heritage. There you will find vestiges of cave burials, paintings and houses. You can also visit Bentayga Archaeological Park, an ecomuseum that acts as an interpretive center for the archaeological complex that includes Bentayga, Andén de Tabacalete, Cuevas del Rey and El Roquete.

Culture and art are the perfect complement to tourism and leisure in Tejeda. You can visit the Abraham Cárdenes Sculpture Museum and admire some of the work of this important Canary Islands sculptor, who was originally from Tejeda and a lover of his homeland. Another interesting option is the Medicinal Plant Center, which invites you to discover the plant, herb and flower varieties native to Tejeda and the island.

The Parador de Cruz de Tejeda awaits you, located in a glorious spot from which you can explore the lovely island of Gran Canaria, considered by many to be a continent in miniature because of the variety of beautiful landscapes it is home to.

We present our new gastronomic spaces

Pampered Senses

Especia restaurants are Paradores' classic restaurants where we offer a traditional menu made up of starters, meat courses, fish courses and desserts.

The perfect homage

Tamizia restaurants are multifunctional spaces that follow current trends in gastronomy.

Gastronomic mouthfuls

The Marmitia restaurants offer an innovative menu with a wide variety of dishes so that diners can choose their own combination of starter, main and dessert.

Monumental and historic hotels

There are places that become travel destinations through which their history can be discovered: castles, palaces, and old monasteries that receive you today with all the comforts that only Paradores know how to offer, but without losing the essence that made them part of our history.

Hotels to enjoy the coast or nature

Close your eyes and imagine a place far away from the hustle and bustle of daily life. In a landscape surrounded by evergreen mountains, a terrace with sea views, a viewing point from which to observe the flight of the birds over a lake. It is something you have within reach but still haven't discovered, because this trip is closer than you think. That getaway to nature is at Paradores.

Urban hotels at the heart of the city

The luxury and the service of Paradores in an urban setting is what you're looking for. Civia arose to offer a hotel where you don't feel like you're just passing through. The Civia collection is made up of Paradores located in the city or nearby where you'll find everything you need, whatever the reason for your visit.
