CUENCA

Parador de Cuenca Surroundings

Ready?

Cuenca is full of interesting sights. The city itself is beautiful. Sit and enjoy chocolate con churros (drinking chocolate and donut sticks) in the lovely Plaza Mayor (Main Square), surrounded by history and monuments with virtually no traffic. Visit Santa Maria y San Julián Cathedral, and of course, don't miss the amazing vertical Hanging Houses, overhanging the Huécar River.

Just over 30 kilometers from Cuenca you can visit one of nature's wonderful caprices, the famous Ciudad Encantada (Enchanted City). The limestone rock formations in this natural area create the illusion of walking past streets, squares, tall buildings, wooded areas, animals, Roman bridges and even ships, all watched over by an enormous giant's head.

A stay at the Parador de Cuenca will allow you to discover a city of magical beauty that is sure not to leave you indifferent.

Monumental and historic hotels

There are places that become travel destinations through which their history can be discovered: castles, palaces, and old monasteries that receive you today with all the comforts that only Paradores know how to offer, but without losing the essence that made them part of our history.

Hotels to enjoy the coast or nature

Close your eyes and imagine a place far away from the hustle and bustle of daily life. In a landscape surrounded by evergreen mountains, a terrace with sea views, a viewing point from which to observe the flight of the birds over a lake. It is something you have within reach but still haven't discovered, because this trip is closer than you think. That getaway to nature is at Paradores.

Urban hotels at the heart of the city

The luxury and the service of Paradores in an urban setting is what you're looking for. Civia arose to offer a hotel where you don't feel like you're just passing through. The Civia collection is made up of Paradores located in the city or nearby where you'll find everything you need, whatever the reason for your visit.
