PARADOR DE  
EL HIERRO

Parador de El Hierro Surroundings

Ready?

El Hierro Island is bathed by transparent waters, making it ideal for diving lovers, who each year come from around the world to discover one of the best seabeds on the planet. It has been declared a World Biosphere Reserve by UNESCO and of all the islands in the Canary Islands archipelago, it is among the most exotic and virgin. Spring seems never to end here and the green subtropical vegetation in the fertile areas contrasts with the fascinating volcanic features on other parts of the island, including the Parador's location.

As you travel along a relaxing road bordering the ocean, you will enjoy unique landscapes. And at the end of your journey, you will come to the Parador de El Hierro, an invitation to relax that you will find hard to resist.

## We present our new gastronomic spaces

### **Pampered Senses**

Especia restaurants are Paradores' classic restaurants where we offer a traditional menu made up of starters, meat courses, fish courses and desserts.

### **The perfect homage**

Tamizia restaurants are multifunctional spaces that follow current trends in gastronomy.

### **Gastronomic mouthfuls**

The Marmitia restaurants offer an innovative menu with a wide variety of dishes so that diners can choose their own combination of starter, main and dessert.

**Monumental and historic hotels**

There are places that become travel destinations through which their history can be discovered: castles, palaces, and old monasteries that receive you today with all the comforts that only Paradores know how to offer, but without losing the essence that made them part of our history.

**Hotels to enjoy the coast or nature**

Close your eyes and imagine a place far away from the hustle and bustle of daily life. In a landscape surrounded by evergreen mountains, a terrace with sea views, a viewing point from which to observe the flight of the birds over a lake. It is something you have within reach but still haven't discovered, because this trip is closer than you think. That getaway to nature is at Paradores.

**Urban hotels at the heart of the city**

The luxury and the service of Paradores in an urban setting is what you're looking for. Civia arose to offer a hotel where you don't feel like you're just passing through. The Civia collection is made up of Paradores located in the city or nearby where you'll find everything you need, whatever the reason for your visit.
