## What to do in the area

### Expert recommendations

- **Río Negro Winery and Vineyard Tour and Tasting**

Finca Río Negro is located in Cogolludo, near a group of towns known for their "arquitectura negra" (black architecture) and Sierra Norte de Guadalajara Nature Reserve. The tour includes a short visit to the vineyard, with an explanation of the history and some of the particular features of the unique terroir and vineyard (one of the highest in Europe). This is followed by a tasting of three wines in the underground wine cellar, accompanied by a cheese and salt venison snack.

- **Sigüenza Cathedral**

Sigüenza Cathedral is dedicated to Saint Mary the Greater, patron saint of the city of Sigüenza. Its origins date back to January 1124, when Bishop Bernard of Agen (1080–1152) reconquered the city from the Muslims during the reign of Queen Doña Urraca, daughter of Alfonso VI.

- **Barranco del Río Dulce Nature Reserve**

Barranco del Río Dulce was declared a nature reserve in 2003. It is located in northern Guadalajara province, forming part of the westernmost foothills of the Iberian System. The reserve occupies a total of 8,348 hectares. These spectacular landscapes were popularized by beloved naturalist Félix Rodríguez de la Fuente, offering the perfect setting for a number of his television documentaries, especially those featuring eagles and foxes.

## We present our new gastronomic spaces

### **Pampered Senses**

Especia restaurants are Paradores' classic restaurants where we offer a traditional menu made up of starters, meat courses, fish courses and desserts.

### **The perfect homage**

Tamizia restaurants are multifunctional spaces that follow current trends in gastronomy.

### **Gastronomic mouthfuls**

The Marmitia restaurants offer an innovative menu with a wide variety of dishes so that diners can choose their own combination of starter, main and dessert.

Monumental and historic hotels

There are places that become travel destinations through which their history can be discovered: castles, palaces, and old monasteries that receive you today with all the comforts that only Paradores know how to offer, but without losing the essence that made them part of our history.

Hotels to enjoy the coast or nature

Close your eyes and imagine a place far away from the hustle and bustle of daily life. In a landscape surrounded by evergreen mountains, a terrace with sea views, a viewing point from which to observe the flight of the birds over a lake. It is something you have within reach but still haven't discovered, because this trip is closer than you think. That getaway to nature is at Paradores.

Urban hotels at the heart of the city

The luxury and the service of Paradores in an urban setting is what you're looking for. Civia arose to offer a hotel where you don't feel like you're just passing through. The Civia collection is made up of Paradores located in the city or nearby where you'll find everything you need, whatever the reason for your visit.
